Kiwi Commons – Internet Safety Lesson Outline

Thank you for choosing Kiwi’s Internet Safety Lesson Outline. This outline will help guide you and your class through the most important and current Internet safety issues youth face. From here you can use the references we have outlined with each topic, or you can look for materials that best suit your teaching style.

To learn more about how to fully integrate Internet safety into your curriculum, visit this URL: <http://www.doe.virginia.gov/VDOE/Technology/OET/internet-safety-integrating.pdf>

Keys to Internet Safety Success in the Classroom:

- Knowledge is power
- Open communication
- Discussion & Debate (incorporate case studies)
- Ground Rules and Repercussions
